

## JUNIOR WEB DEVELOPER, CASUAL

---

**Infrastructure Partnerships Australia is a non-for-profit industry think tank and an executive member network, providing research focused on excellence in social and economic infrastructure. We exist to shape public debate and drive reform for the national interest.**

We work with prominent member organisations from the private and public sector across Australia and we are big on delivering exceptional user experiences across our services, including digital platforms.

We are a small and young team of policy, advocacy, event and digital production leaders in our fields that are passionate about what we do, and we are looking for our next integral team member to help us manage and optimise our two websites.

We strive for a culture of transparency, respect for each other, collaboration, integrity and having a forward-thinking mindset.

### About the role

- Casual part-time
- Work from Sydney CBD based office and home
- Flexible start and finishing hours
- 1-2 days per week

We are looking for an undergraduate to help manage, develop, and maintain our two websites on a casual basis (one to two days per week).

You will be working with a dynamic and young team based in Sydney CBD and report to the Head of Digital.

If you are interested in web development and design, and have experience with WordPress and various scripting languages, we encourage you to apply!

### Key responsibilities

1. Working knowledge of PHP, CSS, HTML and JavaScript
2. Proficiency with and knowledge of the WordPress ecosystem is necessary
3. Be responsible for maintaining content, expanding, and scaling our pages
4. Simple bug fixing
5. Modern front-end techniques, responsive design, and UX-design
6. Keen attention to detail when executing web pages based on a digital design
7. Troubleshooting and problem-solving code (PHP, Javascript, HTML)
8. An understanding of graphic design software such as Photoshop, Illustrator

### **Personal attributes**

- Ability to manage multiple requirements and deadlines at the same time
- Be a flexible team member who can assist others when required
- Willingness to innovate and strive to adopt new technologies
- Strong attention to detail and problem-solving skills

### **Skills**

Your portfolio will be the key to showing us you know your stuff. Please provide a link to at least one WordPress site, developed, and designed entirely by yourself.

### **Reporting**

We are seeking a candidate that can work between one to two days per week, with flexibility provided for candidate's university timetable.

You will be provided with all the tools necessary for the job.

### **Employment period**

Initial three-month period of employment, which may be extended based on the performance of the successful candidate.

### **To apply**

Send a cover letter, CV and website link to [linda.birgersson@infrastructure.org.au](mailto:linda.birgersson@infrastructure.org.au).

Please apply as soon as possible as applications will be reviewed on an immediate basis.
